CLEMSON COLLEGE, SOUTH CAROLINA, THURSDAY, NOV. 6, 1958

GALA WEEKEND

'Tootsie' Dennis Named **'58 Homecoming Queen**

By BILL HILL and BILL ADCOCK TIGER News Editor And Staff Writer

Miss "Tootsie" Dennis, a Columbia College student, from Moncks Corner was named as Clemson's 1958 Homecoming Queen Friday night. Also named were the other six TAPS beauties. These six young ladies a long with Mrs. TAPS will comprise the beauty section of the yearbook. The other TAPS beauties and the sponsoring organizations are Madge Lee from Miami, Fla., Canterbury Club; Jane Stradar of Coker College, Sigma Rho Beta; Ann Wells of Duke, The TIGER; Frances Thompson from Bennettsville, AIA; Jaunita Arnold of Erskine, Alpha Ps i Omega; and Nancy Bonnette of Clemson, ASCE. "Tootsie" was sponsored by Kappa Delta Kappa.

One of these seven beauties will be named as "Taps Sweetheart" Tom Anderson, CDA secretary es- | display was placed in front of among the wives of married stu- couples on Saturday night.

ed a cold night to watch eight had to end.

Winner of the \$75 first prize was the Pershing Rifles. Their satire of a 6 a.m. drill after a big dance weekend included everything from the trooper with the proverbial hang-over to the execution of a reluctant member by a firing squad.

The Married Students took second place honors and \$50 with their depiction of life in a "typical" married student's home.

\$25 and third place went to Numeral Society. They showed how a Clemson student is viewed by others such as the administration, parents, etc.

The show was topped off with a Stars Nov. 14 featured more color than noise. The "aerial show" had the crowd

To Address YMCA **Anniversary Meet**

Dr. Willis D. Weatherford, world statesman, will speak at the Clemson YMCA Sunday, November 9, great many Clemson students at 6:00 p.m. A number of former away from the campus again. Advisory Board members and their families will attend this meeting as well as students, faculty. "Y" members, and friends of the Young

Men's Christian Association. The Clemson YMCA was organcelebrating its 64th anniversary. Some early members of the

board and former chairmen are being invited to this special occasion. There are two hundred members of the "Y" Cabinet and Councils being especially invited and urged to attend this service. Immediately following the ser-

vice, there will be an informal reception, to which all present are invited. Following this, tables have been reserved at the Clemson House for a dutch supper for friends who wish to have dinner with Dr. Weatherford and some of the board members and former board members.

Used For Better Taps

Plans have been made to make the 1959 Taps one of the biggest and best yearbooks. New design techniques, layouts, different writeups and excellent photography will be incorporated. In order to achieve this, however, the staff needs and requests the co-operation of the student body.

Proofs for Taps pictures have either been mailed or distributlection be made and the proofs be mailed to the Atlanta Photoed to each individual. It is absolutely necessary that an early segraphers. To delay will cause a broken deadline. Seniors are asked to check their data sheets and bring them

up to date in the Taps office, since response to this has been slow. This information will go in the Senior directory, so bring it up to date! Also check, at that time, to be certain we have you listed

January, June and August graduates are classified as Sense. The Taps office will be open next week, Monday through Wednesday, from 2 to 5 p.m. and from 6 to 9 p.m. especially for this purpose. This will be the last time to make needed correc-

Each club president must turn in club contracts, membership lists, and write-ups immediately. Anyone who has not received the necessary forms may pick them up in the Taps office. Club presidents will be notified when the club page is ready for the yearbook and are urged to check it for possible errors.

A subscription campaign will begin immediately after Thanks-giving. No yearbook orders will be taken after first semester. Those who make partial payments are reminded that a yearbook will not be reserved for them unless payment in full has been made before second semester exams in accordance with previous policy. Payments are bing taken now when the offices are open—usually on Monday, Tuesday and Wednesday nights.

Further announcements regarding Taps will be made in the The influence of Armstrong as

SHOULD POLITICS DEPRIVE COLLEGE OF GIRLS' DORMS?

co-educational institution. During this time, however, we have been successful in attracting only seventy-five girl students to our campus. It would appear that by now our co-eds would number several hundred but this is not the case. We might wonder why this situation exists since Clemson offers many courses that would ordinarily attract female students.

Why, then, don't we have more girls on campus?

The consensus seems to be that if a girls dormitory were constructed our campus would be blessed with more co-eds. We have talked with several people who have heard this idea expressed many times, and those who voice this opinion are for the most part college age girls.

And so we need a girl's dorm. Is one being planned? How soon before we will have one?

The answer to the first question is that one has been planned for a long time. The second question is a little harder to answer. There is a great deal of history connected with it that we find quite interesting. The story goes like this:

Just after Clemson was made co-ed a bill was introduced in the State Legislature calling for funds for various construction projects on campus. In this bill was a request for funds to build a girl's dorm. let's see what we can do about it.

We are now entering the fourth year of Supporters of other co-ed institutions in Clemson's transition from an all male to a the state objected violently to the measure and a battle royal developed which lasted for several days. When the bill at last came to a vote in the Finance Committee, it failed to pass by two votes.

> It then became evident that the entire building program was being jeopardized and, in an effort to salvage something from the measure, it was finally passed after a restriction was placed on the funds. The restriction was that the money would be used for "MALE and married student housing." That one word-male-is keeping us from having a girl's dorm. Until such time as it is removed from the statute books we will just have to do without.

It is regrettable that something that will help Clemson so much is held back because of politics. But that is what it amounts to-POLITICS.

Can anything be done about this situation? There certainly is!

If students would write to their county delegation requesting them to act favorably on a girl's dorm for Clemson it would help considerably. Also, if we get all of our friends and relatives throughout the state to write such a letter we might have a girl's dorm by next year.

There is only one way to fight politics and that is to bring pressure to bear from the grassroots. We are the grassroots, so

FELLOW STUDENTS VICTIMS OF AUTOMOBILE ACCIDENTS

In the space of two short weeks three Clemson students have been involved in major automobile accidents. One student was fatally injured and another is in poor condition at this writing.

When we read our newspapers each day there is always at least one item about an automobile accident; sometimes there are several. Usually, however, the seriousness of these accidents does not register with the reader because they occur in far-away places and involve strangers. But now the situation is reversed. Two accidents have happened in our own backyard and our fellow students have been

Glaringly these tragic events bring to our attention the subject of safety on the highways, and we might reflect on how good our driving habits really are, because in most cases an automobile accident can be traced to some violation of traffic rules. These rules may be set down in black and white by state or federal statutes, or they may be "common sense" rules established by society. At any rate, if all drivers obeycidents in the United States would be reduced by about 85%. When we consider the fact that nearly 40,000 Americans were killed and nearly 1.5 million injured in automobile accidents last year, causing over \$5-billion in property damage, a reduction of 85% becomes quite significant. It is predicted that this year will be even worse.

What can we Clemson students do to help reduce traffic accidents? The best way to help is to reappraise our driving habits and make a concerted effort to improve them. We might also talk with our families and friends and remind them that:

Drinking and driving don't mix. The other fellow may not be as care-

ful as we are.

The accelerator fits best half way, not flush with the floor.

A sudden distraction is always likely.

Fatigue creeps up quickly. Weather affects driving conditions

considerably. Dulling monotony is a driver's

worst enemy.

About this time each year many college students are on our highways going home for holidays or visiting homes of their friends. Therefore, it is especially important that we practice good driving manners during this time so that we can enjoy these holidays now and for years to come.

But safe driving is not a one-time-aed our traffic laws the total number of ac- year deal. We should at all times abide by our traffic laws and we should encourage other to adhere to them. If we conduct ourselevs as good drivers we help ourselves; but at the same time we are helping the entire country.

Remember-"The life you save may be

NEED FOR CAMPUS SAFETY PROGRAM EVIDENT

In direct connection with our comments above on safe driving, we would like to propose that some student organization begin a safe driving campaign. There are some eighty clubs and organizations on our campus, and we understand that several of them are looking for worthwhile projects. A project stressing safety is certainly worthwhile and this would be an opportune time to inaugurate one.

Safety education is a vital element in our lives. The airplane, train and automobile have benefitted our society greatly -the technological growth of our country can be directly connected to their development. But they have also brought increasing accident rates.

Safety education is emphasized in many

communities through the Chamber of Commerce or the local school system. Some high schools go so far as to have a specific course in safety. There is no reason why this program could not be carried over in-

A course in safety required of all students is perhaps out of the question, but a student organization could easily instigate a program emphasizing safety on our campus. If safety at home, safety at school, and safety on the highways is kept at the forefront consistently there is no doubt that accidents involving Clemson students would be reduced considerably or alleviated completely.

Any volunteers?

WAIT 'TIL MID-WINTERS

Students Demonstrate Desire For Fraternity System In IDC Vote

By ED GETTYS

LET'S TALK IT OVER

TIGER Associate Editor Almost 1,500 students demonstrated their sentiment for the rudiments of a fraternity system in the recent IDC election. True, this number is by no means the overwhelming majority of Clemson men; nor does it necessarily represent the dormitory students. In the case

less than this number that comprises a fraternity What happens to those

fraternity for a variety of reasons? IDC was to have been the answer to that question. One point needs clarification-IDC was not intended to discourage the establishment of fraternities; on the contrary, consolidated into a large and it was to be a proving ground or introduction for them.

Fraternities would add tremendously to Clemson and its in the old dorms are adaptable student body. They would pro- for the same purpose. New dormi-

viously untapped power present in the minds of those who want rounded education. They would increase competition immensely, add favorable publicity for the college, create a muchneeded source of social pride and

establish university tradition.

What can we as students who feel the need for these qualities and conditions do to effect establishment of fraternities? Perhaps the best way is to impress the trustees and administration of our desire and the college's necessity. How - through our communicative means, "Letters To Tem" and possibly the radio station by broadcasting panel discussions and the like.

If and when a fraternity system is approved, the only problem will be housing. One solucluded in tion that would be very applicable to existing facilities is a plan similar to that adopted by USC and considered as possibility in the IDC proposal. Two. three or four rooms in the "new" dorms on ground level could be comfortable lounge for each dormitory division.

The large rooms now existing

vide a focal point for the pre- tory units which will have to be erected in the near future could be planned to lend themselves to such an arrangement.

Let's fight and work for fraternities for a better Clemson in every respect.

PERFECT HOMECOMING With all in view, it was a perfect Homecoming. CDA set a standard for themselves which will be difficult to attain again. The Tigers left the field with victory in their claws. Only one think was lacking-to the joy of most spectators. This was the half-time side show usually presented in "Death Valley"-to the chagrin of most spectators. The Tiger Band finally marched instead of making poor attempts at dramatical entertainment.

The few, scattered Wake Forest fans sitting at the westernmost end of the stadium stated that the Queen and her float were beautiful. There were a few people in the south stands who caught a glimpse of one or the other through powerful telescopes.

Many cases of eyestrain would have been prevented had the float been allowed to move up the south sidelines; the field would have been none the worse for wear.

WEEK'S PEEK

Clemson-Wake Forest Football Game Was Homecoming Weekend Event?

Duty, observance, obligation and responsibility is a termthe DOOR of life-which is becoming a curse of the college. These words are used repeatedly NO to student requests that do erty. not meet with immediate ap-And out of

these situations, student too sight of the very meaning of the words. To say that you, as students of Clemson College, are the protectors of tradition and

the heart of Clemson spirit, would be as profound and thought provoking as saying that the world is round and that profs. are square.

But, let us look for just a moment at an excellent example of trust that is being placed in the student body at large of this institution by the faculty and ad-

Facilities of the various schools of the college are open to student use at night. This places a grave responsibility upon the present student body because it is their conduct that will eventually dictate whether the buildings will or will not remain open to students. This in itself is quite an ovation of trust and confidence

are well aware of the fact that many previous unfortunate events led to the closing of some of the buildings simply because the students using them at night as "legitimate" grounds to say failed to respect the chool's prop-

moral rules of human conduct and behavior. Gentlemen, it is quite humorless to walk into a classroom on a morning after used the room that previous night in which to study and find; chalk ground into the tile floor or into the blackboard, eraser prints all over the walls and chairs and floor, etc.-and the story continues its distasteful, degrading digression of morals and taste-Think about it!

Gentlemen, it is also time we put aside our psuedo-piety and collegiate innocence. This has been termed "the age of anxiety." And, for Clemson it may will become the "age of frustration."

SITUATION: If the students fail to accept and follow simple moral rules of behavior while studying in the various school's facilities at night, we will surely lose the right to study in any school's facility at night. It is a sobering thought and sincerely deserves further student consideration.

Just consider this situation for example: you want to study in quiet, the library is jammed, your room is noiser than Dan's and there aren't any buildings open at night anymore . . .

What can the student do? "USE, DON'T ABUSE."

The faculty and administration sponsors, Wake Forest Band and majorettes, Clemson Tiger Band and majorettes, Senior Platoon, Pershing Rifles drill team, James F. TALK OF THE TOWN

In Democracy, Free Choice **Or Chance For Carelessness**

By CHARLES SPENCER

Democracy is a wonderful thing.

It gives us a free choice to decide what is best for ourselves, and in other isolated instances, it affords us ample opportunity to get careless and unconcerned with our own welfare, to make decisions that by no stretch of the imagination can be construed to contribute to anyone's welfare.

In the opinion of this writer, the latter is the case with the student referendum rejecting

the proposed Inter-Dormitory Council plan three weeks ago.

Without calling any names, we believe that Student Assembly made a mistake which was partly responsible for the failure of the constitution to be approved. For it was the student assembly that decided, with almost no dissenting votes, to require a favorable vote of two-thirds of all the dormitory.

students, rather than of just those casting ballots. As a result, a person voting in favor of the constitution had to mark his ballot "yes" and turn it in to the proper person at the proper time, whereas those wish-

lots "no," or not to cast a ballot at all. To be sure, the Student Assembly had a constructive purpose in mind when it made this decision: a stronger front of acceptances that would have the appearance of almost complete unanimity.

ing to vote against it had two choices: to mark their bal-

But the fact remains that they overestimated the enthusiasm of the student body, and it was a costly error. However, they should not be condemned for an honest mistake; rather, it is to be hoped that they and all of us can profit by the experience.

The hall counselors, of which this writer is one, must accept part of the responsibility for the letdown. When questioned, each hall counselor reported that his ballots had been turned in properly. If this is true, then we must conclude that some of the hall counselors were not as dilligent as they could have been in collecting the

According to the figures, an average of 15 persons on each hall did not cast a ballot. The writer knows of several halls on which almost all of the students voted; therefore, there must have been several on which scarcely more than half voted.

The hall counselors on these halls, by a simple little act of omission, have rendered a serious injustice to the democratic system of government in our student

All of this rehashing is intended in the spirit of recognizing our shortcomings and mistakes, rather than as personal criticism. Even then it would be useless and unnecessary if the possibility did not exist that we may be given another chance to vote on this important matter and profit by the mistakes we made the first time.

According to Joe Fox and student government officials, this may well be the case at some time in the

Just as important a part of the democratic way of life as casting ballots for the officials and constitutions that we favor, is the freedom to express our views and to influence others to our way of thinking. Rather than just presenting the constitution again for a re-vote, we suggest that those stuudents who conscientiously voted against the constitution write "Letters To Tom" or to the President of the Student Body or to the Speaker of the Student Assembly, telling their objections and suggesting changes that would make the proposal more pala-

table to more students. And those students who cast no ballots at all, if they have anything to say for themselves, might want to write to Tom and explain their objections to the democratic method by which this constitution was presented.

By all means, let's try again. The whole business gives the impression of a huge mistake; there is no clearcut case here of students voicing an opinion against a plan that they believe to be detrimental to their interests. We cannot let the matter drop because of a mere technically in the voting.

That would be just as much of a crime against democracy as for the authorities to place the constitution in force right now without the formal consent of the stu-

And, most important of all, we the students should be given an opportunity to show the Board of Trustees that we do actually appreciate their genuine and intelligent interest in our welfare.

Word To The Wise

ACC Statistics Shows Tig Players Near Top

The players for the Tiger team have seen action in only six games, while the other Atlantic Coast Conference players (except the University of South Carolina squad members) have seen action in seven games. With this small drawback the members of the Bengal Brigade are still making a fine showing in the conference. .

Doug Cline of the Tigers has an average of 4.2 rushing yards, while the league leader has only an average of 4.3 yards per rush. Ray Carlton of Duke is the head rushing man with a total of 416 yards, but he is followed by Trowbridge of N. C. State with 402 yards, Dutrow of Duke with 397 yards, and MacLean from Wake Forest rounds out the ton four rushing leaders with a total of 392 yards.

The Bengals have two men in the passing leaders — Lowndes Tech Freshman 14-6. Shingler and Harvey White have each made 219 yards and 295 yards, respectively. Whitley of Virginia has dropped from the lead and now has a total of 497 vards via the air lanes.

The man leading the conference is Snead of Wake Forest with 800 yards for a final passing tally. It seems that the big man s Cummings of North Carolina, who has passed for seven touch-

Harvey White of the Tigers is the fourth man in the conference in total offense with 541 yards. Snead of the Deacons is the top man in total offense with 786 yards, but Cummings of North Carolina is close behind with 730 yards and has the best average (6.8

Georgia Native Dukes Wants Win Over Tech

By TOM GLENN TIGER Sports Writer

This Saturday at 2:00 p.m., Mike Dukes will be starting at fullback in the "big one" as far as his college football career is concerned. Dukes, a native of Atlanta, Georgia, would like nothing better than to be a part of a Clemson victory over the Georgia Tech Yellow

Mike, a graduate of Southwest DeKalb High School of Decator, Ga., is a two year letterman. In his two years on the varsity, he has average of four per carry.

As a freshman in 1955, Mike was switched to quarterback. At that position, he led the Cubs to one of their best seasons losing only one game. The next year Dukes was moved

back to fullback, and at that position he ran on the second unit. His greatest thrill since being at Clemson was the trip the Tigers made to the Orange Bowl in 1956. As a

successful season when they participate in the ACC meet which is run at Chapel Hill on November 17.

junior last year, Mike was used mostly on defense.

Football is not the only sport that Dukes excels in for while in high school, he was captain of the baseball and basketball teams at Southwest DeKalb. He made All-Regional two years and All-State one year in football and was invited to play in the North-South Georgia All-Star game. He played in three allstar baseball games and ran in the Florida relays.

The remained on the crest of the ACC championship and a pos- came the most important event of Tigers have gotten 191 yards on sible bowl trip come New Year's Day.

This victory put Clemson all alone at the top of the ACC standof Maryland. Clemson can clinch the title with a victory over N. C. State on Nov. 15

Wake Forest took the opening kick-off and marched 77 yards in eight plays only to lose the ball because of a penalty. The Deacons were guilty of interfering with a pass defender in the end zone, and this cost them a touchdown.

Clemson took to the air, but could not move the ball and had to kick. The Tigers were out to play better than they had in their prefensive unit did this as they held the Deacons on the ground.

The aerial display by soph quarterback Norm Snead was what kept fear in all Clemson hearts, as he sprayed the air with uncanny accuracy.

Clemson stuck to the ground as the Shingler unit moved the ball with ease. This offensive show featured the running of Cline, Morgan, and Mathis who paved the road for Clemson's fifth victory of the year.

Clemson scored their first touchdown just as the third period had begun. The second unit had moved the ball to the one just as the first quarter ended, and then White and his unit came in to push across the score, White doing the honors. Then came the two points that won the game for the Tigs as White passed to Cox in the end

the second quarter. Their try for the extra points was no good and of the Deacon receiver's hand. this later proved to be the winning factor in the game.

The first half ended with Clemson holding a slim 8-6 lead. Clemson's defense had come through when they were really needed. Again and again they had dug in and held the Deacons to very little gain on the ground.

During the half time there was some doubt if the Tigers would vious appearance and their de- be able to hold the Deacons back when they took the field for the third quarter. Many were thinking of the game one week before, when the score was similar and the two teams were almost even at the end of the first half. Would the Tigers fall or rise the second half was the question on many

With the beginning of the second half, Clemson left little doubt that they would be in there fighting, moving the ball as in days before. Even though White was out for the afternoon, the first unit now led by Goff and featuring the running of Mike Dukes was now

on the go. Due to penalties that came at the wrong time, Clemson could not get close enough to score until the fourth quarter. With five minutes remaining in the game Goff sneaked over for the Tigers final touchdown, but the try for the extra point was

blocked. Wake Forest took the kick and

Courtmen Hard At Work On New Plays

By RICHARD SHICK

Around this time for the past two or three years a wave of bowl enthusiasm has hit Tiger town, and this year is no exception. Only once have our hopes and dreams come true in that period—the 1956 Orange Bowl, the Bengals losing 27-21 despite an almost unbelievable second half comeback.

At this same time last year we were preparing for the Duke game with a 4-2 record. To be a serious contender for the Orange or any other bowl we needed to upset the Blue Devils. Riding our high hopes to Durham we blasted Duke from every angle-except the 7-6 score in favor of the home team.

This Saturday an even stronger Clemson eleven with a 5-1 record will invade Atlanta to take on the Georgia Hoffman and Jim Lewis, Tech Yellow Jackets. This year we face a similar situation—needing a victory for a bowl bid since the ACC champion no longer goes to the Orange Bowl. Should they get past Tech and N. C. State next weekend, the Tigers will not only have won the ACC trophy, but also an almost sure bowl bid since neither Boston College nor Furman are expected to give the Bengals any real trouble.

Clemson has thus far been mentioned as possibilities for the Sugar and Orange Bowl, plus always being a Gator possibility. However, they will have to rack up impressive scores against the remaining four opponents to win one of these nominations.

Whether we get a bowl bid or not, everyone will still feel that we have the greatest potential this year that we have ever had. The Tigers full power has not yet been reached this year, and we feel-contradicting most of the authorities—that the Tigers will reach that point this weekend in Atlanta. There are two reasons for this assumption—the team wants to play New Year's Day and the eight players from Georgia on the first two teams as the Tigers mighty Bengal Brigade put forth every last would derive no more pleasure from any other victory than

BEING AN OPTIMISTIC SPORTS STAFF, WE HAVE COME UP WITH THE PREDICTION OF THE WEEK - - CLEMSON 28 - GEORGIA TECH 6.

TEAM NEEDS STUDENT SUPPORT—

A football team is only as great as the students who back them. This weekend Clemson tackles its toughest opponent this season-Georgia Tech. The number of students going to the game in Atlanta this weekend is gratifying to the entire team, but they need more than support from the stands during the game—cheering in the dining hall, participation at the pep rally Friday night on the quadrangle and most important of all, an everyday word of encouragement. When a player knows that he will be appreciated, win, lose or draw, he will naturally give that little "extra" needed to win the game.

Let's get behind our team, Tigermen, for they need your support more than ever as the crucial game draws nearer and nearer.

ON TO A BOWL.

Ball--Who's Got The Ball

Several students couldn't wait for their intramural game to begin so they pick up sides and had their own game. Interesting?

The other members of last year's frosh still need a lot of improvement on their defensive work was the head of last year's Cubs.

> "This year the Atlantic Coast Conference is probably one of

This weekend, some one hundred years after General Sherman's infamous march through Atlanta, another pack of destruction is being readied in hopes to befall the heart of the Peach State. Operation "Wreck Tech," headlining this week's agenda, is hoped to be at full strength effort to bring pillage and disaster to fine Georgia Tech

It stands as a do or die situation for the Tigers. A win is almost certain to put Clemson's name in the limelight of several bowl committees. Tech is definitely the strongest team that we will face this year. Not only that, but currently we are ranked in the top twenty in the nation. A win over Tech would almost be certain to soar us back into the top ten.

School spirit and student backing is one of the most important keys to a teams success. No game in the season means as much as the upcoming battle and there is no better time in the present season to have the famed "Clemson Spirit" at its peak. The help of each and every student is needed to send an inspired team against the Yellow Jackets of Atlanta.

A Pep Rally will immediately follow supper Friday on the quadrangle. All you who consider yourselves Clemson Men be there to send the Tigers off hungry for a victory over the Yellow Jackets. For those who find themselves able to follow the Tigers this weekend, we will be looking forward to seeing you in Atlanta.

several clubs were formed opera- soundproofed walls and windows ting on the fraternity system as with real screens, were complet-

The gradually increasing enrollment depleted dormitory space that year as new units were being planned. It was at this time that the fraternity forces decided to act. Enough forward looking administrators had infiltrated the ranks of the military hold-overs to dictate that these new dormitories be built to accommodate fraternities. By something more than coincidence, five of the units were built.

By the beginning of the next glass, steel and straight concrete During the next two years, with large rooms, twin beds,

nities were cemented, and the five representative groups moved in their fraternity houses.

The narration would be incomplete without an evaluation of the fraternities' effect. The fears of those against the whole system were realized. They knew that fraternities had in no way been responsible for the increase in applications for admission of almost two thousand, or that the number of co-eds jumped from less than 75 to 489 in the space of three years. Nor was there any reason for the increased number of lecture series, concerts, dances, intramural activities, and honor students.

But who can be expected to

CLEMSONITE

Here And There

By BILL NETTLES And BARBARA DILLARD

Only the adjectives from a Duke Ellington narration set to Ralph Marterie music could closely describe the Homecoming weekend. The Tiger Team, Tigerama and the C.D.A. all produced fine entertainment. The Country Gentlemen were in rare form for the entire weekend.

Clemson staved in Clemson—this weekend. There were enough festivities in progress in Tigertown to keep the troops in town or the mountains. It was one of those rare weekends when no one wanted to leave.

Erskine College came out of the weekend by one diamond better than it entered. Congratulations to Okie Henderson and Gerry Murry.

Practically every girl's school in the area was represented at the dances. Converse and Columbia College must have bid for a majority, but Limestone, Winthrop, Lander, Agnes Scott, Coker and Carolina managed to hold their own quite well.

Augusta College of the United States of Georgia was also represented by Judy Woleben, dating Ronnie Ellis.

Alpha Psi Omega came up with a relatively new idea for a social gathering in the form of a breakfast party after the Saturday night dance. Thirty sleepy people can have quite a time in the wee hours.

Sometimes Saturday classes are almost worthwhile on dance weekends. There are always a few bright eyes on the front row but those of great interest are the lads person, but to bring to view my in the new regulations affecting day students I cannot see how with the lipstick, no shave, wrinkled clothes, red eyes and "got-no-cuts-left" expression on their faces. The things

a college man must endure! The "Ladies of the Lime Rock" are having a mixer to which Clemson has been invited this weekend. Many Clemson men, who are not planning to attend the Tech

game, will visit Limestone this Saturday. In regard to Limestone, Clemson's Student Body President Joe Fox was dating Limestone's S.B.P., Barbara

Brown for the dances. The Tigers will go "marching through Georgia" to At-

lanta this weekend. There will be a mass migration to the Georgia Capital for the Georgia Tech game. From the social stand point, this is to be Big Saturday.

The Clemson Clan will meet at Hank and Jerry's after the ball game. The partying should exceed that of a members are urged to attend. The stances. The Convention will be according to Leland Leonard, not-so-happy Big Thursday. Monday morning blues should prevail on the campus again next week, after another Tiger victory has been celebrated.

For the jazz lovers, there will be quite a treat in the person of Louis Armstrong in Greenville next Wednesday. A large turn out of Clemson men should be expected for

It is advisable that all interested in Clemson get used to and learn to appreciate New Orleans jazz, for the Tigers may well hear a great deal of it in the Crescent City

Slanton, industrial physics senior whom, according to her, the skit

from Clemson. Professor Marshall could not have been accomplished.

C. Bell will serve as club advisor.

TONIGHT members are reminded to attend tions.

Homecoming '58

"The dance is over ..." but the memory lingers on.
Homecoming 1958 at Clemson College was all the things a
college man could ask for—his girl, a wonderful dance, a great
Tigerama, a win on the gridiron, a beautiful Homecoming queen
and Miss Tigerama, an outstanding set of Taps beauties and all

the rest of the activities. Then, there are the things which each person will remember as his special part of the weekend—that last dance Saturday night, that drive to Cemetery Hill, that houseparty, that intermission party, that saying good-bye while still remembering the hello, those mountains. These are the unrecorded and intangible

things which go to make a great weekend perfect.

No amount of assignments or quizzes will erase the memory, and no tangible evidence of the memory will pop up to make you remember, for those things are un-photographable, un-recordable.

But, there are pictures of the things you watched, participated in and wished you could participate in. Here, we attempt to recreate the tangible weekend as it was seen by Photographer Bill Lebragor and others.

Johnson and others. The nippy night Barbara Dillard of Anderson was crowned Miss Tigerama by last year's queen, Diane Austin, (upper left) will strike home, for you may have been one who said, "I voted for her." You may have been disappointed because your choice—and it was a hard one—didn't make the grade, but you'll agree Barbara was a regal queen even through her sudden chill and "I don't think I can make it."

You housed with the other 10,000 at Tigerama at the skits.

You laughed with the other 10,999 at Tigerama at the skits presented by eight campus organizations. You remember the "hula-hooping" and the men dressed as ballerinas and girls dressed as football players and the satire on college life. You'll certainly never forget the sudden whim of wanting Playboy back on the newsstands after seeing third place winner Numeral Society depict five instances of how others see us. (upper center) A play-boy's playmate holds the champagne glass for her fella as they are parked on an imaginary Cemetery Hill, the resting place for

You wondered, undoubtedly, at the tall, distinguished gentle-

man who played so prominent a part—he with his Yankee-Southern accent who was announced as president of the Alumni Association. A former editor of TIGER now editor of The Cleveland Plain Dealer, Wright Bryan speaks to the Tigerama audience just before introducing Tom Milford of Clemson, the new president who takes over Dec. 31 (upper right).

The Deacon was funny at the game Saturday, but perhaps, you too got a little disgusted at his antics during the coronation of "Tootsie" Dennis as Homecoming queen. The Country Gentleman and Tiger evidently felt the same way as they tied the Deacon's coattails to a goal post (left).

The game wasn't as safe as you might have expected, but the Tigers won, 14-12, after all was said and done, and you were pleased. The weekend was progressing even more smoothly. The spirit of Clemson showed in the determination of the Tigers, and George Usry (40) was no exception as he outraced Deacon

and George Usry (40) was no exception as he outraced Deacon defenders to gather in this pass (lower left).

The Numeral Society float at halftime brought your mind back to Playboy again, but, this time, you saw just howappropriate the theme was as seven lovely Taps beauties, selected the night before, were brought onto the field. Even though your sight was somewhat obstructed because of the float's position, you could still see Wright Payers exempted. still see Wright Bryan crowning Miss Dennis as Homecoming

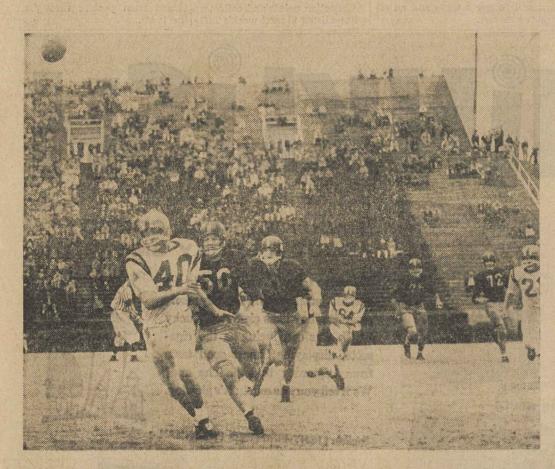

queen. (lower right).

Ah, at last, the Saturday night dance. You, your date and Marterie—a fabulous mixture, huh? You just couldn't seem to end a dance, and the ending to the dance left you wanting more music. Yeah, it was a pretty widely spread feeling (extreme low-

Perhaps your date was one of the Taps beauties, and you felt proud as your date was one of the raps beauties, and your left the dance to wend your way to cars and parking places as you remembered the night before when all the beauties gathered. Ann Wells, Tootsie, Juanita Arnold, Nancy Bonnette, Frances Thompson, Madge Lee or Jane Strader (extreme lower left) may have been your date.

But, if she wasn't, it really didn't matter. The weekend was

nearing an end to reality—and a beginning to memory.

ANYONE FOR FOOTBALL?

When Pancho Sigafoos, sophomore, pale and sensitive, first saw Willa Ludowic, freshman, lithe as a hazel wand and rosy as the dawn, he hemmed not; neither did he haw. "I adore you," he said without preliminary.

"Thanks, hey," said Willa, flinging her apron over her face

modestly. "What position do you play?" "Position?" said Pancho, looking at her askance. (The

askance is a ligament just behind the ear.) "On the football team," said Willa.

"Football!" sneered Pancho, his young lip curling. "Football is violence, and violence is the death of the mind. I am not a football player. I am a poet!"

"So long, buster," said Willa.

"Wait!" cried Pancho, clutching her damask forearm.

She placed a foot on his pelvis and wrenched herself free. "I only go with football players," she said, and walked, shimmering, into the gathering dusk.

Pancho went to his room and lit a cigarette and pondered his dread dilemma. What kind of cigarette did Pancho light? Why, Philip Morris, of corris!

Philip Morris is always welcome, but never more than when you are sore beset. When a fellow needs a friend, when the heart is dull and the blood runs like sorghum, then, then above all, is the time for the mildness, the serenity, that only Philip Morris

Pancho Sigafoos, his broken psyche welded, his fevered brow cooled, his synapses restored, after smoking a fine Philip Morris, came to a decision. Though he was a bit small for football (an even four feet) and somewhat overweight (427 pounds), he tried out for the team-and tried out with such grit and gumption

Pancho's college opened the season against the Manhattan School of Mines, always a mettlesome foe, but strengthened this year by four exchange students from Gibraltar who had been suckled by she-apes. By the middle of the second quarter the Miners had wrought such havoc upon Pancho's team that there was nobody left on the bench but Pancho. And when the quarterback was sent to the infirmary with his head driven straight down into his esophagus, the coach had no choice but to put Pancho in.

Pancho's teammates were not conspicuously cheered as the little fellow took his place in the huddle.

"Gentleman," said Pancho, "some of you may regard poetry as sissy stuff, but how in our most trying hour, let us hark to these words from Paradise Lost: 'All is not lost; the unconquerable will and study of revenge, immortal hate, and courage never to submit or yield!'

So stirred was Pancho's team by this fiery exhortation that they threw themselves into the fray with utter abandon. As a consequence, the entire squad was hospitalized before the half. The college was forced to drop football. Willa Ludowic, not having any football players to choose from, took up with Pancho and soon discovered the beauty of his soul. Today they are seen everywhere-dancing, holding hands, nuzzling, smoking.

Smoking what? Philip Morris. of corris! © 1958 Max Shulman

And for you filter fanciers, the makers of Philip Morris give you a lot to like in the sensational Marlboro-filter, flavor, pack or box. Marlboro joins Philip Morris in bringing you this column throughout the school year.

Student Legislature Delegates Are Chosen

By RONNIE SLICE TIGER Staff Writer

Two senators and 15 representatives will represent Clemson at the South Carolina Student Legislature in Columbia on December 4, 5, and 6.

The two senators are Joe Fox and Jimmy Smith. The representatives are Tom Harmon, Tom Anderson, Bill Mathis, Jim Creel, Rick Ivester, Ford Farabow, Rufus Sherard, Tommy McTeer, Charles Spencer, Jim Townsend, Rufus Land, Larry O. Gantt, J. C. Edwards, Charlie Moore and one other who is to be elected.

Each college is allowed one representative for every 250 students. A banquet will be held Dec. 4, at which time the nominations for officers for the coming year will be held. Dec. 5th, the business sessions will begin in the Russell House at USC due to repairs being made on the State Capitol.

The officers for this past year were Tom Hutchison of Clemson, speaker of the house. Marion Myers of Wofford, speaker pro tem of the house; Bob Fogarty of Wofford, president of senate; and Jim Leventis, USC, vice-president of

Players To Present "Thieves' Carnival"

Converse College

By NONI MILLER TIGER Special Writer

SPARTANBURG - The Palmetto Players of Converse College will begin its dramatic season here with the riotious comedy "Thieves' Carnival" Nov. 14 This typically French comedy

by Jean Anouilh is produced and directed by James W. Parker, chairman of the department of speech and drama of Converse College. The admission is \$1 for adults and \$.50 for students. The cast of this charade is

composed of actors from many places other than Converse. It includes Authur DeRosier of the Converse faculty, Ed Waters of Wofford College, Mickey Redwine of Spartanburg High School, Phil Sill of Spartanburg Junior College, Rachael Cothran, Connie Archer and Winifred Harris, of Converse and many others.

The setting of the play is Vichy, a small French resort town which saw the height of its popularity in the late 1800's. The comedy which takes on the farce style of the Laurel and Hardy films takes place sometime in the

One of the main themes of this comical masquerade is love. Three loveable thieves try to rob a rich French dowager and make their way into society in the pro-

The robbery is planned with much conspiracy, and complications arise. Love and intrigue are mixed in such a way that a truly hilarious evening in the theater is the end result.

Brown Will Attend National Meeting

Prof. Charles Q. Brown, assistant professor of geology at Clemson will attend the national meeting of the Geological Society of America, today through Sunday in St. Louis, Mo., where he will present a principal paper. Prof. Brown will report results of a sedimentation study on "Clay Mineralogy of Sediments and Source Materials in the York River Tributary Basin. Virginia."

The study consisted of x-ray analyses of hundreds of soil, rock and river sediment samples in an effort to learn more about the response of clays to new environment and to explain the clay mineral distribution in stream sediments, relative to the clay minerals of the source areas.
