

dinner is specified for
the different months.

I prepared these rules &
submitted them to the phy-
sician & he approved them
Then I submitted them
to the board & they approved
them Gov. Fellman being
Chairman at the time.

I have written the Sergeant
in charge also to see that
the rules are carried out
& that he must get as much
work as he can out the
convicts on hand. I am
anxious to see matters pushed
along there & will do anything
to aid you in my power in
the crippled condition in
which the institution was left
by old administration financially
& otherwise. Respectfully M. J. Talbot
