Dear Dr. Lennon:

Thank you so much for meeting with us for lunch yesterday. Charles, Mary and I appreciate that we had a chance to discuss the question of Highway 93 with you, and we are glad that we are all in agreement that it should be a top priority project. The City will continue to pursue the advancement of the work with the Highway Department, and will inform them that the City of Clemson and Clemson University are in accordance on this issue.

Thanks again for you time and cooperation.

Sincerely yours,

Larry W. Abernathy  
Mayor
