1. Chairman Gage called the meeting to order. The guests, Susan Biggers with the TIGER, Ed Clark, Sonny Timmerman and Jimmy Campbell with the State Highway Department were recognized by the Chair.
2. The minutes of the previous meeting were approved by unanimous vote.
3. MEMORANDUM OF UNDERSTANDING- Chairman Gage requested a report from the City and University officials as to the status of the MOU. Poore reported that the City had signed the agreement and Clausen reported that the President had signed the MOU. Gage asked for a copy of the signed MOU for the committee's records and instructed the Secretary to request a copy.
4. STATUS OF HIGHWAY IMPROVEMENTS FOR CITY/UNIVERSITY- Sonny Timmerman, Director of Planning for the Highway Department presented a report on the status of Highway projects for the City and University. He reported that phase II of the Highway 93 project is targeted to begin in early 1992 as well as the Highway 76 widening to Hwy. 123. There was much discussion about the Calhoun Street Extension project and that local monies or "C" funds monies were the only monies available for the extension project. Timmerman announced that the City would receive \$ 15,000 in "C" funds in March, 1991 to do the preliminary engineering for the extension project. There was much discussion about the impact of the five (5) cents gas tax increase (federal level) on state and local levels, what "lobbying" we could do to get the Perimeter Road improvements on the priority list and the possible signalization of Keith Street.

5. OLD BUSINESS- Chairman Gage requested a status report on the YMCA proposal and Trent suggested that we invite a representative from the YMCA and the Foothills organization to a future meeting.
6. NEW BUSINESS- Poore suggested to the committee that Bobby Bowers, Director of Statistical Services with the State Budget and Control Board be invited to the next meeting to discuss the 1990 census and state shared revenues.
