

COLLEGE OF FOREST AND RECREATION RESOURCES

The College of Forest and Recreation Resources is concerned with the management, use, and stewardship of all of our forest resources and with man's well-being through wise use of his leisure. These two general areas of study offer broad opportunities in the management of our forest and recreation resources for their maximum service to the present and future generations of man.

The College of Forest and Recreation Resources offers curriculums designed to prepare students for professional careers in the following areas.

The Forestry curriculum includes the fundamental and applied sciences needed in the management of the forest environment for its products and services. Forestry prepares graduates for employment as managers and administrators of forest lands for production of timber, water, wildlife, esthetic values, and recreational use.

The Recreation and Park Administration curriculum prepares recreation directors for counties, towns and cities, institutions, industries and youth-serving agencies. A park management emphasis may be pursued leading to a career with federal, state, county, and municipal park systems.

RECREATION AND PARK ADMINISTRATION

The curriculum in Recreation and Park Administration provides training for students who desire to become recreation supervisors and directors and park administrators. Graduates plan and supervise recreation programs in industry, institutions, municipalities and rural communities. The program which leads to a Bachelor of Science degree is designed to provide competencies in recreation administration, management, development, planning, and research. It requires 135 semester hours, including field training during one summer, for completion.

RECREATION AND PARK ADMINISTRATION CURRICULUM

FRESHMAN YEAR			
<i>First Semester</i>		<i>Second Semester</i>	
Biol 101 Prin. of Biology	3	(3,0)	Bot 102 Prin. of Botany
Engl 101 English Composition . . .	3	(3,0)	and Bot 104 Lab. Exer. in Bot. . .
Hist 102 American History	3	(3,0)	or Zool 102 Prin. of Zoology . .
Math 101 Mathematical Analysis I	3	(3,0)	and Zool 104 Lab. Exer. in Zool.
RPA 101 Introd. to Com. Rec. . . .	3	(3,0)	Econ 201 Prin. of Economics . . .
